INDEPENDENT AUDITORS' REPORT

To the Board of Directors of

CENPATICO BEHAVIORAL HEALTH OF ARIZONA, LLC

We have audited the accompanying balance sheet of *Cenpatico Behavioral Health of Arizona, LLC* at June 30, 2006, and the related statements of operations, member's equity and cash flows for the year then ended. These financial statements are the responsibility of the management of *Cenpatico Behavioral Health of Arizona, LLC*. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of *Cenpatico Behavioral Health of Arizona, LLC* at June 30, 2006, and the change in its net assets and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated October 16, 2006 on our consideration of Cenpatico Behavioral Health of Arizona, LLC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Supplemental Schedules of Activities (Schedules 1, 2, 3, 4, 5 and 6) and the Schedule of Expenditures of Federal Awards (Schedule 7) are presented for purposes of additional analysis and are not required parts of the basic financial statements. The Schedule of Expenditures of Federal Awards is required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. The information in Schedules 1 through 7 has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(1) Organization operations and summary of significant accounting policies

Nature of operations - Effective March 11, 2005, *Cenpatico Behavioral Health of Arizona, LLC* ("Cenpatico" or the "Company"), was incorporated in the State of Arizona. Located in Tempe, Arizona, Cenpatico is a comprehensive behavioral health solutions company. Cenpatico is wholly owned by CenCorp Health Solutions, a subsidiary of Centene Corporation (Centene). Cenpatico was initially funded through a \$6.2 million capital contribution from Centene.

In 2005, Cenpatico was awarded a contract (the "Contract") with the Arizona Department of Health Services (ADHS) which commenced July 1, 2005 and expires June 30, 2008. In accordance with the Contract, Cenpatico has been designated as the Regional Behavioral Health Authority (RBHA) for the geographic service areas (GSA) of Yuma, LaPaz, Gila and Pinal Counties. Cenpatico is responsible for managing and maintaining an organized, comprehensive behavioral healthcare delivery system for the benefit of eligible members within its geographic service area. Substantially all of Cenpatico's revenues are from its contract with ADHS.

Cenpatico functions as a behavioral health management organization and, except for member services functions and limited utilization management functions, does not provide direct healthcare services to eligible members. Direct behavioral healthcare services are provided to eligible members by a network of subcontracted providers.

The significant accounting policies followed by Cenpatico are as follows:

Management's use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and cash equivalents - Cash includes cash deposits in banks and cash equivalents. Cenpatico considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Accounts at each institution are insured in limited amounts by the Federal Deposit Insurance Corporation (FDIC).

Investments – Short-term investments include securities with maturities between three months and one year. Long-term investments include securities with maturities greater than one year.

Short-term and long-term investments are classified as available for sale and are carried at fair value based on quoted market prices. Unrealized gains and losses on investments available for sale, if any, are excluded from earnings and reported a separate component of member's equity, net of income tax effects. Premiums and discounts are amortized or accreted over the life of the related security using the effective interest method. Cenpatico monitors the difference between the cost and fair value of investments. Investments that experience a decline in value that is judged to be other than temporary are written down to fair value and a realized loss is recorded in investment and other income. To calculate realized gains and losses on the sale of investments, Cenpatico uses the specific amortized cost of each investment sold. Realized gains and losses are recorded in investment income.

At June 30, 2006, investments consisted entirely of commercial paper with maturities of less than one year.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(1) Organization operations and summary of significant accounting policies (continued)

Accounts receivable - At June 30, 2006, accounts receivable consisted primarily of amounts outstanding from ADHS for the provision of comprehensive behavioral healthcare services for the benefit of eligible members within its geographic service areas. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Management considers accounts receivable to be fully collectible as of June 30, 2006 and, accordingly, an allowance for doubtful accounts is not considered necessary.

Property and equipment - Property and equipment is recorded at cost. Maintenance and repairs are charged to operations when incurred. Betterments and renewals in excess of \$1,000 are capitalized. When property and equipment is sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved and any gain or loss is included in operations. Depreciation is computed using the straight-line method over the following general range of estimated useful lives:

Furniture and equipment
Computer hardware and software
Leasehold improvements

Estimated Useful Lives
5 - 7 years
3 - 5 years
1- 10 years

Impairment of long-lived assets - Cenpatico accounts for long-lived assets in accordance with the provisions of SFAS No. 144, *Accounting for the Impairment of Long-Lived Assets*. SFAS No. 144 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the cost or fair value less costs to sell.

Payable to providers - Cenpatico compensates providers for authorized behavioral healthcare and substance abuse services to covered beneficiaries. Cenpatico uses a variety of methods to estimate the amount payable to providers including authorizations for services to be provided, payments to be made under contract arrangements currently in force, and correspondence with significant providers to ascertain the level of care being provided to beneficiaries for which a claim has not yet been submitted.

The liability for payable to providers includes estimates of amounts due on reported claims and claims that have been incurred but were not reported as of June 30, 2006. Such liabilities represent Cenpatico's best estimate of amounts that are reasonable and adequate to discharge Cenpatico's obligations for claims incurred but unpaid as of June 30, 2006. Such estimates are, however, subject to a significant degree of inherent variability. The methods for making such estimates and for establishing the resulting liability are continually reviewed and adjustments are reflected in each period when necessary

Revenue recognition - Cenpatico receives substantially all of its revenue from its contract with ADHS. Contract revenues include funds for behavioral healthcare services and prevention programs for youth and seriously mentally ill ("SMI") adult and general mental health/substance abuse populations under three major types of revenue sources: Medicaid (Title XIX), Non-Medicaid (Non-Title XIX) and KidsCare (Title XXI). Contract revenue is recognized in the period for which Cenpatico is obligated to provide covered services. Deferred revenue relates to grant amounts received in the current year that cannot be recognized until certain terms are met. At June 30, 2006, Cenpatico had no amounts deferred. Contract revenue is also limited by the terms of the Contract to a maximum profit percentage, as defined. Contract revenue that cannot be recognized due to these profit limits (4%) of approximately \$3 million is included in payable to Arizona Department of Health Services in the accompanying balance sheet.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(1) Organization operations and summary of significant accounting policies (continued)

Title XIX Revenue – The Contract with ADHS requires Cenpatico to provide behavioral healthcare services to all eligible enrollees within its geographic service areas. Under this agreement, Cenpatico receives monthly capitation payments from ADHS based on a capitated rate and the number of Title XIX Arizona Health Care Cost Containment ("AHCCCS") enrollees eligible for covered services during that month. Payments received under capitation are subject to risk and Cenpatico assumes the risk for claims in excess of these payments. Capitation premiums are recognized as earned over the period that enrollees are entitled to services.

Title XXI Revenue – The Contract with ADHS requires Cenpatico to provide behavioral healthcare services to all eligible enrollees within its geographic service areas. Under this agreement, Cenpatico receives monthly capitation payments from ADHS based on a capitated rate and the number of Title XXI AHCCCS enrollees eligible for covered services during that month. These capitated payments are accounted for as described above.

Non-Title XIX Revenue – The Contract with ADHS provides for payment to Cenpatico at a monthly rate equal to one-twelfth of specified annual contract maximums under the ADHS Non-Title XIX and Subvention programs. These programs provide behavioral healthcare services to lower income uninsured or underinsured individuals not eligible for behavioral healthcare coverage under Title XIX/Title XXI or those services not covered by Medicaid for eligible Title XIX/Title XXI enrolled individuals. Non-Title XIX and Subvention programs are funded through a combination of federal mental health block grant funds, State of Arizona Tobacco Tax Funds and State of Arizona appropriated funds administered by ADHS.

Healthcare service cost recognition - Cenpatico contracts with various at-risk providers for the provision of a full range of behavioral healthcare services to eligible adults and children for Title XIX, Title XXI and Non-Title XIX programs. Healthcare services are purchased under fee-for-service or block purchase arrangements. Fee-for-service contract expenses are accrued as incurred. Healthcare services provided under block purchase arrangements are accrued based upon contract terms. From time to time, Cenpatico amends their provider contracts. The effects of these amendments are recorded in the period in which the amendment was executed.

Cenpatico receives pharmacy sales incentives from certain vendors for volume-based utilization of certain medications. These incentives are recorded when received as a reduction of program services expense.

Expense allocation - Certain direct, indirect and administrative expenses are incurred which benefit more than one program. Such common expenses are allocated based upon an ADHS approved cost allocation plan as submitted by Cenpatico, which is primarily based upon enrollment, claims and costs by lines of business.

Income taxes – Deferred tax assets and liabilities are recorded for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date of the tax rate change.

Valuation allowances are provided when it is considered more likely than not that deferred tax assets will not be realized. In determining if a deductible temporary difference or net operating loss can be realized, the Company considers future reversals of existing taxable temporary differences, future taxable income, taxable income in prior year carryback periods and tax planning strategies.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(2) Contract performance bond

In accordance with the terms of its contract with ADHS, Cenpatico is required to post a performance bond with ADHS to fund any potential losses incurred equal to amounts based on gross capitation payments, as specified in the contract. The amount of the bond is subject to adjustment as certain conditions change and its method of calculation is specified in the contract. The performance bond requirement was \$7,548,167 for 2006. Subsequent to June 30, 2006, the performance bond requirement was increased to approximately \$8.6 million. In 2006, the performance bond requirement was met through the purchase of a surety bond.

(3) Property and equipment

Property and equipment consists of:

Furniture and equipment	\$ 418,778
Leasehold improvements	316,104
Computer hardware	198,993
Computer software	20,773
Total cost and donated value	 954,648
Accumulated depreciation and amortization	 (175,301)
Net property and equipment	\$ 779,347

Depreciation and amortization expense charged to operations was \$95,347 for 2006.

(4) Income taxes

Federal income tax returns are filed on a consolidated basis with Centene, the parent corporation, and other subsidiaries. A provision for income taxes incurred (benefit) has been provided for under a separate return method. This results in each component company of the consolidated group showing tax expense (benefit) solely on the results of its own operations. Current taxes which would have been due on a separate company basis have either been paid to or will be paid to the parent company. Deferred income tax assets and liabilities are computed based upon cumulative temporary differences in financial reporting and taxable income based on enacted tax law in effect for the year in which the temporary differences are expected to be recovered or settled. Deferred tax assets result from reserves established for book purposes but not deductible for tax. Income tax benefits provided by the Company to the consolidated group as a result of utilizing operating losses will be reimbursed by the parent company pursuant to a signed agreement between the Companies. The income tax expense consists of the following for the year ended June 30, 2006:

Current provision:	
Federal	\$ 1,410,647
State and local	<u> </u>
Total current provision	1,410,647
Deferred provision	(71,133)
Total provision for income taxes	\$ 1,339,514

The effective tax rate is different than the amount that would be computed by applying the United States corporate income tax rate to the income before income taxes. The differences are due primarily to changes in the deferred tax assets associated with amounts payable to providers which are not currently deductible for tax purposes.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(5) Related-party transactions

Centene, CenCorp Health Solutions and affiliated companies provide administrative and other services to Cenpatico, including systems functions, accounts payable and payroll processing. Included in general and administrative expenses is an allocation of the costs of the administrative services provided by affiliated companies. Cenpatico's allocation was approximately \$2.2 million for the year ended June 30, 2006.

Amounts due to affiliated companies at June 30, 2006 primarily represent payroll and trade accounts payable, which are payable to Centene and subsidiaries.

Under the provisions of the Contract with ADHS, distributions may be paid only to the extent of allowable profit in each of the funding sources as defined. For the year ended June 30, 2006, no distributions were declared or paid.

(6) Pension plan

Cenpatico participates in the retirement plan of its parent company, Centene. Centene has a defined benefit contribution plan which covers substantially all of its employees who work at least 1,000 hours in a twelve consecutive month period and are at least twenty-one years of age. Under the plan, eligible employees may contribute a percentage of their base salary, subject to certain limitations. Centene may elect to match a portion of the employees' contribution. Cenpatico's expense related to matching contributions to the plan was \$56,786 during the year ended June 30, 2006.

(7) Commitments and contingencies

Operating Leases - Cenpatico leases office space in Arizona for their headquarters, various case management clinics and certain equipment under operating lease agreements expiring at various dates through July 2012. Certain operating leases contain escalation provisions. The rental expense related to these leases is recorded on a straight-line basis over the lease term, including rent holidays. The difference between rent expense and rent paid due to recording expenses on the straight-line method of approximately \$50,000 is included in accounts payable and accrued expenses in the accompanying balance sheet. In the normal course of business, operating leases are generally renewed or replaced by other leases. Minimum future payments under these non-cancelable operating leases as of June 30, 2006 are as follows:

Years Ending June 30,

2007	\$ 592,441
2008	601,411
2009	602,232
2010	611,321
2011	593,700
Thereafter	427,494
Total minimum lease payments	\$ 3,428,599

Rent expense for the year ended June 30, 2006 was approximately \$313,000.

Liability insurance - Cenpatico, through Centene, maintains professional and general liability insurance coverage under claims-made policies. Centene is insured for losses up to \$10 million per claim and in the aggregate, with a self-insured retention of \$1 million under its professional liability policy. Centene is insured for losses up to \$1 million per claim and \$2 million in the aggregate under its general liability policy. Cenpatico is also covered under an umbrella policy providing for professional and general liability coverage up to a \$15 million per claim and in the aggregate.

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2006

(7) Commitments and contingencies (continued)

Claims reported endorsement (tail coverage) is available if the policy is not renewed to cover claims incurred but not reported. Cenpatico anticipates that renewal coverage will be available at expiration of the current policy. Cenpatico participates in the above policy with its affiliates. Per claim and aggregate limits are applicable to all covered entities as a group.

Litigation - Cenpatico is routinely subject to legal proceedings in the normal course of business. While the ultimate resolution of such matters is uncertain, Cenpatico does not expect the results of these matters to have a material effect on its financial position or results of operations.

Healthcare regulation - The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. At June 30, 2006, Cenpatico was not a Medicare certified facility and did not derive any of its revenue from the provision of services to Medicare beneficiaries. Management believes that Cenpatico is in compliance with fraud and abuse laws and regulations, as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future review and interpretation as well as regulatory actions unknown or unasserted at this time.

(8) Contract requirements

In accordance with its contract with ADHS, Cenpatico is required to maintain certain minimum financial reporting and viability measures.

Pursuant to its contract with ADHS, Cenpatico must maintain unrestricted, minimum capitalization of at least 90% of the monthly capitation and Non-Title XIX/XXI payments received under the contract. At June 30, 2006, Cenpatico was not in compliance with this requirement.

Cenpatico's contract with ADHS contains various quarterly financial performance requirements, including required minimum liquidity ratio, administrative cost percentages and service expense percentages. Cenpatico was not in compliance with certain administrative expense percentages and certain service expense percentages. Cenpatico has approved variances in certain viability ratios to meet behavioral health community needs. Cenpatico has informed ADHS of the reasons for these variances and ADHS has not informed Cenpatico of any required corrective action.

As discussed in Note 1, Cenpatico is limited by the terms of its contract with ADHS to profit that can be earned under the various programs. Contract profit limitations are applied in an after-tax basis. Also, if Cenpatico's profit exceeds the profit limitations resulting in the reduction of recognized revenue, the related tax effect of that reduction is not considered for purposes of the profit limitation.

Should Cenpatico be in default of any material obligations under its contract with ADHS, ADHS may, at its discretion, in addition to other remedies, either adjust the amount of future payment or withhold future payment until satisfactory resolution of the default or exception. In addition, although it has not expressed an intention to do so, ADHS has the right to terminate the contract in whole or in part without cause by giving Cenpatico 90 days written notice. Further, if monies are not appropriated by the state or are not otherwise available, the contract with ADHS may be cancelled upon written notice until such monies are so appropriated or available.

NOTES TO FINANCIAL STATEMENTS

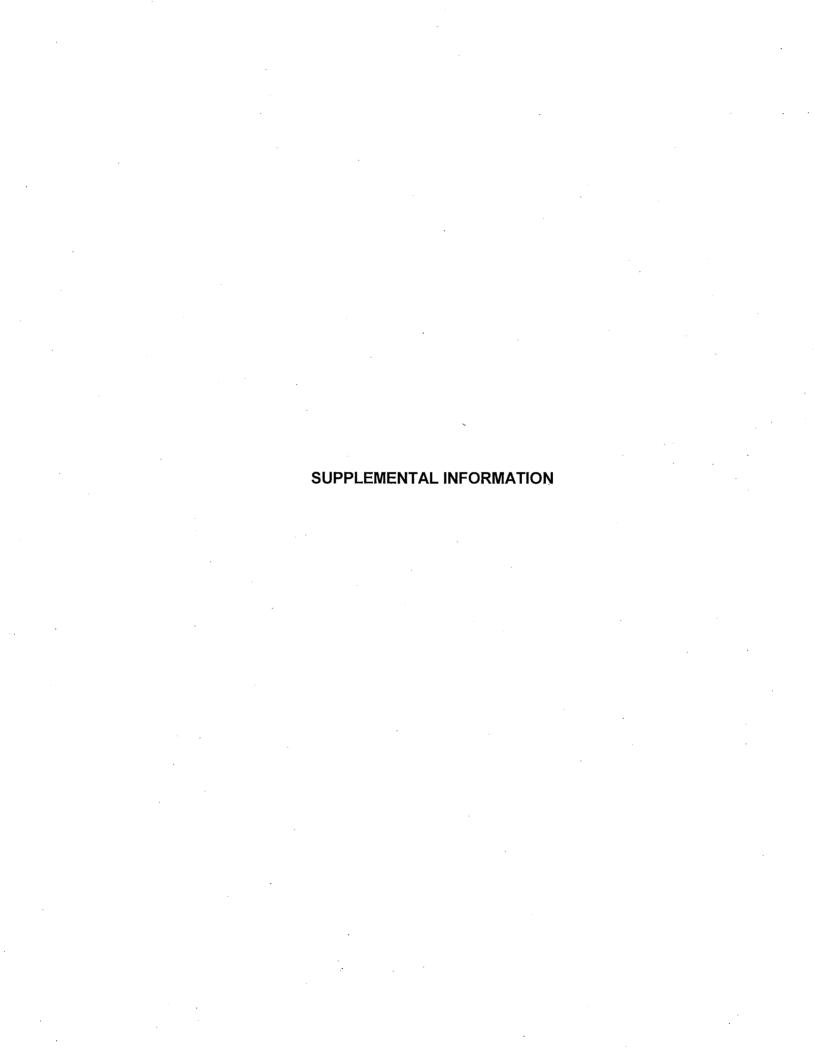

Year Ended June 30, 2006

(8) Contract requirements (continued)

As of June 30, 2006, Cenpatico has reported less than the minimum number of encounters as stipulated in the Contract and is subject to a potential recoupment by ADHS of approximately \$3 million if no more encounters are submitted or if encounters ultimately submitted by providers differ in program type from those submitted to Cenpatico through the date of this report. This amount has been recorded as a payable to ADHS in the accompanying financial statements, as Cenpatico expects that less than the minimum number of encounters will be submitted for eight fund sources. Cenpatico has until February 28, 2007 to submit encounters related to the year ended June 30, 2006. In addition, ADHS has a right to sanction Cenpatico for other matters of non-compliance of the Contract, as determined by ADHS. Cenpatico recorded approximately \$8,000 as administrative expenses for sanctions for the year ended June 30, 2006.

(9) Concentration of credit risk

Cenpatico currently holds a contract with ADHS to provide services through June 30, 2008 with a provision for two one-year extensions. Management expects the contract to be renewed through the respective renewal process.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2006

(1) Basis of presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Cenpatico and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of *U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the basic financial statements. Cenpatico did not provide federal awards to subrecipients during the year ended June 30, 2006.

(2) Catalog of federal domestic assistance (CFDA) numbers

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of

CENPATICO BEHAVIORAL HEALTH OF ARIZONA, LLC

We have audited the financial statements of *Cenpatico Behavioral Health of Arizona, LLC* at June 30, 2006 and for the year then ended, and have issued our report thereon dated October 16, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered *Cenpatico Behavioral Health of Arizona, LLC's* internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Cenpatico Behavioral Health of Arizona, LLC's** financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under **Government Auditing Standards**. However, we noted certain matters that we reported to management of **Cenpatico Behavioral Health of Arizona, LLC** in a separate letter dated October 16, 2006.

This report is intended solely for the information and use of the Board of Directors, management, specific legislative and regulatory bodies and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors of

CENPATICO BEHAVIORAL HEALTH OF ARIZONA, LLC

Compliance

We have audited the compliance of *Cenpatico Behavioral Health of Arizona, LLC* with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. *Cenpatico Behavioral Health of Arizona, LLC's* major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of *Cenpatico Behavioral Health of Arizona, LLC's* management. Our responsibility is to express an opinion on *Cenpatico Behavioral Health of Arizona, LLC's* compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about *Cenpatico Behavioral Health of Arizona, LLC's* compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of *Cenpatico Behavioral Health of Arizona, LLC's* compliance with those requirements.

In our opinion, *Cenpatico Behavioral Health of Arizona, LLC* complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of *Cenpatico Behavioral Health of Arizona, LLC* is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered *Cenpatico Behavioral Health of Arizona, LLC's* internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Directors, management, specific legislative and regulatory bodies, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
